## **Public Notice for Stericycle Solid Waste Incineration Permit Renewal**

The Executive Secretary of the Solid and Hazardous Waste Control Board received a request to extend the public comment period for the Stericycle, Inc. solid waste incinerator permit renewal. Stericycle, Inc. (formerly BFI) petitioned the Executive Secretary of the Utah Solid and Hazardous Waste Control Board to renew Permit #9102 for the continued operation of the existing medical waste incinerator. This facility is located at 90 North 1100 West, North Salt Lake, Utah. The Executive Secretary originally permitted this facility on March 22, 1991.

The *Utah Solid Waste Management Rules* require a 30-day public comment period to receive comments on this permit renewal application and DRAFT PERMIT (#9102R2) before final action is taken by the Executive Secretary. The public comment period for the DRAFT PERMIT (#9102R2) commenced on June 30, 2005, the date the original notice was published in the Davis County Clipper, the Deseret News, and the Salt Lake Tribune. The extended comment period will end on September 2, 2005.

A public hearing for this permit renewal is scheduled for 6:30 p.m. on Wednesday, August 31, 2005 at the Cannon Health Building room 114 located at 288 North 1460 West, Salt Lake City, Utah. Prior to the hearing the Division will conduct a public information meeting. This information meeting will begin at 6:00 pm at the same location as the hearing.

An unofficial copy of the Draft Permit is available for public review throughout the comment period on the Division web page at [www.hazardouswaste.utah.gov/hpc-l.htm](http://www.hazardouswaste.utah.gov/hpc-l.htm). Official copies of the draft permit and application can be viewed during normal business hours, or other times with prior arrangement, at the following locations:
